FSAAC NEWS – SOME OF THE GLUE THAT HOLDS US TOGETHER

By CARolyn

For those of us who have previously written the FSAAC News year after year, we know what it is to keep plugging away, dropping newsletters into the mail box, and wondering if there is anybody out there reading them. The life of a News person can be a lonely one; everyone is busy so you hardly ever hear back – often you hope someone will send you a note, a joke, a clipping, anything to fill in the spaces – then you dig through whatever resources you can find to finish out this month's issue so it won't be a blank page.

Hard to believe, but this kind of work can be fun and enjoyable – and challenging, and I guess it just takes a certain kind of person to do it. Thank goodness Kitty Hug is one of those people – we have grown to depend on her to get FSAAC News to us on time and in great form. The past year's paper has been especially well-done, so, Kitty, we all want to thank you for that and for signing on to continue in 2016. We REALLY appreciate your cheerful spirit and willingness to serve.

As for us, club, we need to be mindful of forwarding to Kitty any info we come across which might be of interest. Be sure to put this on your "to do" list this year. Hey, don't worry about sending her "too much" – she can always save some back for later.

So, once again, THANK YOU KITTY HUG!! We all appreciate you! CARolyn
