DAVE & NANCY SHIPMAN are moving to Tucson June 16th. They will be very much missed.

A good attendance from the **FSAAC** at **DENNY LUKE'S "ANTIQUES ON THE MOUNTAIN" PICNIC** at the top of Mt. Gaylor – Barnes, DeArmonds, Gattis, Hugs, Mantooshs, Mitchells, Rogers, and Vanns. About 25 cars were there in all. His workshop is lined with antique license plates from all over the world. The oldest we saw was a 1911 Arkansas. Restoration of a Ford Model A was also being done in his shop. All in all it was a beautiful day, great food, lots of visiting and wonderful memories. Can't wait until next year. **A BIG**

HAPPY FOURTH OF JULY!!!!

BARTLESVILLE TRIP WAS OUTSTANDING!

June/Jerry and Nancy/Dave did a great job in setting up this tour, and here's a great big thanks from the Albertsons, DeArmonds, Jones, and Johnsons. There were five golden oldies and one daily driver, and we had no trouble along the road. Gary had to replace a stop light switch in the Packard and Carl had the hood up on Ruby a time or two (I think it was just to make sure the motor was still in there).

After arriving, we went to a candle making company where we saw how it's done, and had some wonderful homemade pie (one couple ate three pieces and took a fourth back to the hotel). We asked the manager how many people worked for the company, and he said, "About half of them."

Next morning, we drove ten miles out to WOOLAROC Ranch, Museum, and Wildlife Preserve (WOOLAROC is short for Woods, Lakes, Rocks). This 3600-acre getaway was developed by oil tycoon Frank Phillips, who loved history, nature, and the outdoors (our kind of guy).

In addition to his large, rustic, cabin-style home, there is a huge museum featuring Indian artifacts and other cultural items, lots of guns, and a priceless collection of fantastic western art by some of the great masters. It would be worth your time to plan a trip up there and spend an entire day to make the most of what they have to show you. Oh! And there are also 30+ varieties of wildlife scattered throughout the woods and at the lake.

Next was a tour of the Phillips home in town (Bartlesville). This 26-room mansion was built in 1909, and still houses the original furniture and decor. So Frank (oops - I mean Mr. Phillips) could afford the best of everything. He was far from a hermit, and entertained lots of famous people at both homes. It seems the "cabin" was a favorite. After all, there was all that atmosphere, including a Steinway piano covered in pine bark.

Dinner was Mexican (me gusto mucho), then back at the hotel the Albertson/Jones quartet entertained us until bedtime. Soooo nice!!! Before leaving Sunday a.m. we met for prayer and a great devotional by June. Then away we went - last of all, to an Amish restaurant and MORE PIE! I used to say "FSAAC is the club that travels on its stomach." But I think I'll change that to "the club that travels on pies!"

On a serious note, you may already know that Dave and Nancy Shipman are leaving us for Tucson. So now we will all have an excuse to make Tucson our vacation destination! Dave and Nancy, it won't be the same without you guys. We'll be thinking of you next time the snow flies. (Come baaaack!!)
